## Your Ballot Will Be 18 Inches Wide and 48 Inches Long When You State Your Choice On November 8th

A bone in the head kept Frank out of a commission in the World War and a bone in the leg kept him from being a buck private.

It seems like every time Mr. Hoover makes one of his masterful speeches stocks and grains fall off a few points and betting odds on Roosevelt increase. Is it possible the forgotten man is finding himself or is it the country has no confidence in the future of the country with Mr. Hoover in charge for four years more.

We need a change and we need some change.

It looks mighty like Gland Brinkley will be the next Governor of Kansas. He is running on the Independent ticket against a regular Republican and a regular Democrat.

Down in New Madrid County, as well as in Scott County, there has been a great deal of personal ill-feeling stirred up by parties who were defeated on the Democratic ticket for the nomination for sheriff, and these disappointed candidates are doing everything in their power to defeat the regular nominees. This is a poor time to kick out of the harness when the sheriff of a county means so much to law and order and to orderly elections. We were greatly disappointed in both of these defeated candidates as we thought they were game enough to take their medicine and get behind the successful ones and help put them over. Our advice to Democrats of both counties is not to be led away by sore heads.

Owing to the size of the general election ballot this time it will be dangerous to attempt to vote a split ticket, so our advice is to place a cross in the circle under the emblem and vote a straight ticket. If you want four years more of Hoover place the cross under the Republican emblem, if you have a belly full of Republican policies, place the cross under the Democratic emblem.

The frosts of late have cut our dahlias low. It makes us sad to see these beautiful flowers wither and die when they were so full of life and beauty but a few days ago. Soon we will take up the clumps and carefully store them away with the hope we shall live through the winter with them, then place them in the earth to come forth with the season to gladden the hearts of the sick and the well alike. It has been a pleasure to work among the flowers and share the bloom with homefolks and strangers alike who have stopped at our garden to admire them.

Unless a change comes in the condition of the laboring man soon, the future will be worse than bad. It used to be that most people slept on feather beds placed on top of a straw tick. Then big soft mattresses came along that discarded both the feather bed and straw tick. It now looks like most people will lose the mattress and with the price of wheat and oats down to almost nothing, the prospect of a straw tick to sleep on is growing slimmer. We have slept on a shuck mattress that had almost as many cobs in it as shucks and may come to it again. Corn bread, sorghum molasses and lye hominy will stop hunger—for a while.

Wonder who will be deputy sheriff at Sikeston if Frank gets in!

It is safe to bet the entire Democratic ticket in Scott County will be elected by majorities ranging from 1200 to 2500. Richland Township, including the City of Sikeston, will give her usual majority.

In his speech Wednesday night, Mr. Hoover was much exercised about what would become of the country, in case Mr. Roosevelt was elected, between election day and the date of his inauguration. Well, in that case, Mr. Hoover will still be in charge of affairs for the four months and with a Republican Senate and his Republican cabinet, he ought to save the country that much longer.

The word "hell" has been often mentioned in recent Republican campaign speeches. Well, it may be Hoover or Hell after Tuesday, but the country should be proud of the fact that it will be able to keep out of the clutches of the Devil from November until March at least no matter what happens. And we should not loose sight of the fact that four years of Hoover have toughened most of us to withstand almost anything.

The Regional Agricultural Credit Corporation of St. Louis, with branches at 4201 S. Halsted St., Chicago, Ill., 506 Fidelity National Bluff, Kansas City, Mo., and Pine Bluff, Ark., is now ready to receive applications for loans to farmers and stockmen.

The corporation is prepared to make loans to stockmen for the purpose of raising, breeding, fattening and marketing of livestock.

It is prepared to make loans to farmers, the proceeds of which are to be used for agricultural purposes (including crop production) and for the harvesting and marketing of agricultural products.

The purpose of the corporation is to furnish credit in communities where it is not otherwise available at the present time for the above purposes. It is not intended that the corporation should

## National Election Returns to Be Given by the Sikeston Standard Beginning 6:30 P. M. Tuesday

National election returns will be available at the office of The Sikeston Standard beginning at 6:30 o'clock next Tuesday evening.

Arrangements were completed this week with Western Union to supply reports and tabulations from all parts of the United States, and to accommodate the anticipated crowd, this newspaper has made arrangements to use the I. O. O. F. building adjoining the office to the north.

Standard readers and the public generally are invited to drop in and remain as long as the reports continue to filter in throughout the night.

Through the courtesy of Buckner-Ragsdale Company reports will be announced to the crowd over the loud speaking apparatus now installed at the Buckner-Ragsdale Store. The speaker will be moved to the I. O. O. F. Hall, and every person in the building should have no difficulty in hearing the results as they are called out by precincts and States.

Members of the Friendship Club

in the I. O. O. F. Lodge are thinking seriously of operating a quick service lunch stand, where hot dogs, sandwiches and hot coffee will be available to the busy "politicians" at the gathering.

The local Western Union manager anticipates that reports will begin coming over the wires shortly after 6 o'clock, from precincts in the eastern part of the United States. An hour or two later reports will start from precincts nearer home, and later—much later, in fact, the Far Western States will begin sending in their counts.

This service will, of course, be free to everyone, regardless of party, age, race or previous condition of servitude. The wire service will be furnished through the courtesy of The Sikeston Standard, the Buckner-Ragsdale Store Co. will furnish the loud speaker, and the Odd Fellows have willingly consented to "loan" their building for the occasion.

Bring your own pencils and paper—and perhaps a stool or chair would not be out of place. Come along and bring a friend.

## FARMERS AND STOCK RAISERS CAN RECEIVE LOANS FROM R. F. C. BANK

The Regional Agricultural Credit Corporation of St. Louis, with branches at 4201 S. Halsted St., Chicago, Ill., 506 Fidelity National Bluff, Kansas City, Mo., and Pine Bluff, Ark., is now ready to receive applications for loans to farmers and stockmen.

Unduly compete with existing agencies engaged in similar financing, either governmental or private.

Those desiring loans should write to the office nearest them requesting application blanks covering the type of loan desired. These will be furnished with complete information.

Mr. and Mrs. P. H. Daniels and son of Kirkwood are expected as week-end guests of Mr. and Mrs. T. A. Wilson.

## A Kiss For Cinderella Or The Man Without a Party

Frank W. Van Horne's anti-ballot campaign is rapidly drawing to a close. We, therefore, pause in the midst of a frenzied shower of bologna, ballots, Blanton, free moving picture shows, free baseball gloves and free stick candy for Scott County babies to pay our respects and to plant one more kiss for Cinderella.

After Tuesday, November 8, Cinderella will again return to the prosaic life of yore.

However, we ask the question: "Why should any Scott County Democrat vote for Frank Van Horne?

And the answer: "There is no reason."

After all the ballyhoo, the heavy artillery smoke screen, and the allegations and counter allegations are cleared away, there remains one fact. The Republicans of Scott County have neglected every other office on the ticket in order to concentrate upon this one important office, that of sheriff. They will shout, cajole, plead, beg and whine for votes—Democratic, Independent and Republican votes in order to put over their candidate.

Republican leaders know, and Scott County Democrats should learn that the office of Sheriff is important not only because the sheriff is the chief law enforcing agent of the County, but because the sheriff is charged largely with the responsibility of conducting elections as they should be conducted.

His statement, in which we have implicit faith, also does not explain the action of another challenger, who had to threaten police action in order to prevent Mr. Van Horne from accompanying negro voters INTO THE BOOTHS in Sikeston Ward 2 precinct. Anyone living within ten miles of Sikeston knows Frank Van Horne's record, and his specialty of hauling negroes to the polls—not once, as he says in 1924, but in every election where they can do so.

This leads us to an important observation. If Citizen Frank Van Horne has difficulty in determining where negroes on his own land should vote, how in the name of justice and a fair ballot could Sheriff Frank Van Horne tell one colored voter from the other, and the sheriff has complete and final jurisdiction over the polls?

Would you like that, you Scott County Democrats?

And that is the man you Democrats are asked to scratch for in order that "Scott County might have a decent administration".

At this time Republican leaders and Mr. Van Horne are raising a smoke screen to befuddle their Democratic "Friends"? By recalling the efficient work of Van Horne as a County Judge. As a minority representative on the Scott County Court, Judge Van Horne has yesed every proposition that has come up with one exception, the payment of a bill rendered by The Sikeston Standard for printing the primary ballots.

At no time did C. L. Blanton "become furious", and at no time did Judge Van Horne arise in wrath and "refuse to pass this bill unless it be by jury of twelve men". Yet, both of those statements appear in paid advertisements of Van Horne supporters, and both of those statements are frequently quoted by speakers on Van Horne programs.

Scott County Democrats have no apologies to make for their Candidate Joe Anderson. He had guts enough to appear in the primary, and to defeat a slate of five candidates for the job. Frank Van Horne's name did not even appear on the Republican ballot, yet Scott County Democrats who voted for Anderson are being asked to scratch their choice.

We appreciate the wide publicity accorded this newspaper, and although the action of Judge Van Horne must have been most laudable, and commendable, we merely pause to point out one important detail. The Sikeston Standard is not running for office, nor does the name of its owner, or of any employee appear on the program.

Anderson has been a straight, loyal party man, not a turncoat who forsook his clan for political advantage. Van Horne claims to have come from a family of "Independent" voters—yet an old neighbor of the family informed us that his departed would turn over in their graves could they know that this twig had been pruned from the family tree. Frank may be an "Independent", but he has mighty strong Republican leanings.

Joe Anderson served his country and did not slide out on a "bonehead" discharge. He probably grumbled as much as the next buck private in the rear ranks over his thirty dollar per month salary, but he stayed in there—and earned the love of his Republican friends, who have been smugly edging his record with slander and whispered statements.

This newspaper owes nothing to Frank Van Horne, and Frank is aware of the fact. Neither does this newspaper owe anything to Joe Anderson, the Democratic choice for sheriff. Nothing, that is, except party loyalty.

Frank and his advisors know that he is being attacked not because of any personal grudge, but because of his party affiliations. Changes in precincts caused confusion then, so he claims.

Frank also denies hauling negro voters to the polls. Frank claims there must be some reference to the election of 1924 when he remembers hauling negro employees from land then farmed by himself.

## PHIL BAXTER TO BE FEATURE ON DANCE BILL 14TH

Dancers of this city and vicinity will have an opportunity to hear two first class bands less than one week apart, by attending the American Legion affair on Armistice night, November 11, and a Blanton-Harper presentation of Phil Baxter and his Texas Tommies on the Monday following, November 14.

The Legion will practically close its annual 14th District Convention session by listening and dancing to music furnished by Jimmy Raschel and his boys on the eleventh. Raschel has a band of music makers known from coast to coast over the radio.

Phil Baxter and his Tommies need no introduction to Sikeston audience. Baxter composed "Piccolo Pete" and another song hit in Sikeston several years ago, and has maintained a warm spot in his heart for the "boys" here ever since. His band has recently been featured at the El Torreon Ballroom, Kansas City, and Steel Pier, Atlantic City.

## THIRTEEN 4-H CLUBS ATTEND RALLY SATURDAY

One hundred and fifty-two persons representing thirteen Scott County 4-H Clubs attended the first annual rally at Benton last Saturday.

The Ancell Health Club with Miss Aurella Dannemiller as leader, started Wednesday morning that the Board of Public Works would meet Friday night to discuss the order. "For some time past we have desired to make downward revisions of our schedules", said Mr. Pepper, "but did not do so because we did not wish to precipitate a rate war. The City Plant welcomes this opportunity to render its efficient service at lower rates", he concluded.

The commission ordered the rates for the "northern group" company to file a new schedule of electric properties to put into effect the annual saving of \$100,000 to consumers on or before December 20. The new rates shall apply to all meter readings subsequent to January 1, next.

The commission's fixed the fair value of the electric properties in the "northern group" at \$1,750,000 and fixed 7½ per cent as a fair return.

Based on the new fair value, the company's return on the electric properties in the group was 13.18 per cent for 1931.

The commission ordered the rates for the "southern group" company to file a new schedule of electric properties to put into effect the annual saving of \$100,000 to consumers on or before December 20. The new rates shall apply to all meter readings subsequent to January 1, next.

The commission's order, issued after an investigation which had been under way since January 13, 1927, applies to the company's "northern group" in Southeast Missouri, in which twenty-six cities, towns and communities are served. The largest cities are Cape Girardeau, Poplar Bluff and Sikeston. Other towns affected are Illmo, Fornfelt, Ancell, Kelso,

Chaffee, Oran, Morley, Marston, Blodgett, Benton, Bertrand, East Prairie, Anniston, Morehouse, Essex, Dexter, Bloomfield, Parma, Bernie, Lilburn, Dudley, Fisk and Charleston.

Having visited the Red Cross sewing room and watched the cutters and the sewers at work, makes us wonder why a garment factory of some sort could not be operated here on a small and a paying scale. Many women and girls who are handy with scissors, needle and machine would be glad to have such clean work to earn a few dollars each week.

Boos and cheers greeted President Hoover at Philadelphia Monday night. This coming from the rock ribbed Republican State of Pennsylvania certainly is the limit. The President of the United States should be treated with due courtesy by every citizen of the United States, whether a member of his political party or not.

Hoover is fearful of disaster to every home if he loses, but he is too late with what he might have in mind for those the sheriff has already sold out. If he could have put forth some magic the past two or three years that would have kept the sheriff from the door, the home owner might have kept the wolf away.

There has been some talk going the rounds that Frank Van Horne would get some Democratic votes at the McMullin voting precinct. This will not be true as Democratic workers at this polling place know that Frank Van Horne has been the most persistent in his efforts to bring negro voters to that precinct to vote, when they were not entitled to the privilege, of any negro runner ever on the job. These Democrats who contacted Frank and his cargo will not let other Democrats forget the fact.

And it might make a difference to some to know that Mr. Roosevelt is a member of the Order of Macabees.

**ATHLETE'S FOOT**

Over 30 Million Americans Now Have It—  
Is This Dreaded Disease Becoming a Plague?

Athlete's Foot is a fungus germ which appears on the feet in the form of a little yellow blister, causing severe irritation and itching—especially between the toes. This disease is very contagious and is spreading with alarming rapidity among all classes of people. The failure to successfully treat Athlete's Foot in the past has been due mainly to the fact that the pores of the shoes, Gloves and Liquids applied only to the feet DO NOT PENETRATE THE PORES OF THE SHOES.

Medical Science has recently de-

volved an amazing treatment known as Merit Foot Powder, which laboratory and clinical tests have proved will positively kill these germs and restore feet so infected to a normal, healthy condition. It is simply applied on the feet and into the shoes.

Merit Foot Powder quickly eliminates excessive perspiration and scaling of the toes. It keeps feet dry and is unsurpassed for shaving and as a deodorant. Why suffer another day when this fast working treatment is positively guaranteed to overcome these distressing conditions or your money refunded.

**The Debt of Gratitude of Scott County Farmers to Four Years of Hoover Prosperity**

Few Missouri Counties have suffered more than Scott County in the four years President Hoover has been at the head of national affairs. Scott County is one of the heavy producers of corn in the State, and also produces large crops of wheat. Under the four years of Hoover, Scott County has had its corn cut in price more than \$434,000, has seen its cotton crop cut \$746,000 in value, receipts for its hogs have declined more than \$270,000.

The year Hoover came into office, Scott County had 5,000 cattle and 18,000 hogs on its farms. The cattle were valued at \$315,000 and the hogs were worth \$378,000. But after four years of Hoover in the White House more than 60 per cent had been cut off the value of its cattle and that 1929 herd was worth only \$195,000, a decrease of \$120,000.

And those hogs which were worth \$378,000 when Hoover took office, dropped \$270,000 and were valued at but \$108,000.

The year Hoover was inaugurated, Scott County produced 611,000 bushels of corn. The market price there at that time was 90 cents per bushel and Scott County's corn crop was valued at \$550,000. But after four years of Hoover, corn had dropped so low as 19 cents and \$434,000 had been cut off Scott County's 1929 corn crop.

From Scott County's cotton crop, \$746,000 was cut, cotton having declined in price from 19 cents a pound to six cents on the 11,476 bales produced in the county. Scott County's loss on wheat was \$330,000 during the Hoover era.

During the four years of the Hoover administration Scott County farmers have dropped approximately \$24,250,000 on their farm products. In addition to these losses farm lands of the county have depreciated 25 per cent during the period, a loss of \$5,000,000 to the farmers.

**Charles U. Becker, Ardent Republican, Annoys Charges of Bossism for Democrats in Scathing Attack on Ed Winter**

Small groups of Republicans here and there in the State have been urging Charles U. Becker, Secretary of State, to make speeches for the State and national tickets.

To each of these groups Secretary Becker has sent the following explanatory letter:

"I am sorry to have to tell you that it is not going to be possible for me to make a speech in this campaign.

"I have some very dear friends on the State ticket whom I would like to see elected. If I made a speech and did not approve of every man on the ticket, I am afraid I would hurt my friends.

"The Republican State Committee has not asked me to participate and I am sure it would not approve of my entry at this time. It has never displayed any interest in uncovering the theft of votes from me in many sections of the State and it has never sought to make amends for the evil done me by hired character assassins in the recent primary.

"However, I am still a loyal Republican, but I cannot support the candidate of the character assassins and ballot box stuffers, whose spokesmen declared in speeches before the primary that they and their associates would not vote for me if I received the nomination—in fact, that they would wreck the party rather than support me.

"Taking ballot box stuffing, a terrible crime, out of the picture, let me ask you, would you forgive and support a man who threw mud at you, had all of his henchmen accuse you of every filthy crime imaginable, hired character assassins to travel over the State to damage your standing, assaulted the character of your family and the character of your friends who had the courage to support you?

"A man who will submit to character assassination has very little respect for himself or his family.

"I am proud of the fact that I worked hard for the Republican party, contributed generously of my time and money, when the party needed help.

"Then comes a time when a political machine, craving more power and profit, is afraid of the man who has been leading the ticket, and it organizes to steal the nomination from him.

"The nomination for governor was stolen from me, and you know it, if you read what was done to me in Kansas City, St. Louis, St. Joseph, and in many of the leading Republican Counties—Butler, for instance—where there never before had been any Republican primary thefts.

"Why is Mr. Winter raving about Democratic ballot box stuffing in Kansas City? To direct attention away from himself, because his machine, composed of Hyde, Clements, Caulfield, and Curtis, engineered the theft of about 9500 votes from me and gave them to him. In many precincts he got all of the votes—in precincts where hundreds of my friends have assured me they voted for me.

"Why did not Governor Caulfield act when the cry of fraud in the primary was made by leading Republicans of Kansas City who demanded the removal of the election commissioners? He made a brief investigation, but he refused to remove the election commissioners, no doubt because that would have exposed the rotten deal I received from Republican judges and clerks, which, if corrected, would have given me the nomination.

"Our party is not going to endure under the direction of a machine that fixes slates for the primary and steals the votes cast for candidates not on its slates.

"We have no right to accuse other parties of ballot box stuffing if the Hyde-Clements-Caulfield-Curtis-Winter machine is allowed to go unpunished for such acts. It is unfair for the pot to call the kettle black.

"I did not have the money to contest the nomination for governor, when the theft of thousands of votes from me became evident, nor the money to get up petitions so I could file on an independent ticket.

"Thousands of my friends are so indignant that they inform me they are going to write my name on the ballot.

"Section 10310 of the Revised Statutes of 1929 provides: 'If the voter desires to vote for one or more candidates whose name or names do not appear on the printed ballot he may do so by drawing a line through the printed name of candidate for such office, and writing below such canceled name the name of the person for whom he desires to vote, and placing a cross in the square at the left of such name'.

## Scott County Red Cross Roll Call; Chairman Outlines Annual Drive Plans

The annual Scott County Roll Call campaign is officially scheduled to be held beginning Armistice Day, November 11, and ending Thanksgiving Day, according to J. Ernest Harper, chairman of the campaign this year.

"Scott County fell down miserably in the 1931 Roll Call Drive," Mr. Harper is quoted as saying, "and for that reason residents in all parts of the County should be particularly interested in turning out a record Roll Call this year in order that the chapter might once again be reinstated among the leaders by the National Chapter."

A comprehensive campaign has been outlined, but various towns and communities will operate differently to accomplish the one common end—at least one membership for each Scott County family.

In Ilmo, for instance, the Parent-Teachers' Association is expected to carry out the work to completion, and according to E. L. Purcell, editor of the Ilmo Impicute, the Tri-Cities, Illinois-Allentown-Farmington can be depended upon to turn out whole-heartedly despite the fact that thousands of dollars have been raised locally for factories.

### Chaffee Is Optimistic

The Chaffee Red Cross Chapter, headed by the dynamic X. O. Ray, has definitely assured the Scott County Chairman, F. E. Mount, and Mr. Harper, the Roll Call Chairman, that Chaffee will turn out a record Roll Call this year.

In Sikeston the work will be as equally divided as possible between churches and church groups who will thoroughly canvas the residential district. The Sikeston Lions Club and Chamber of Commerce will cover the business district proper. The drive here will start November 14.

It is the same everywhere, in Morley, Commerce, Oran, Blodgett, Diehlstadt, New Hamburg, Kelso, Miner and McMullan—in each community willing workers have been found to accept the work of soliciting members for the Red Cross.

November 13 is officially and nationally dedicated as Red Cross Sunday, and the clergy of Scott County is requested to make a few appropriate remarks that day in behalf of Red Cross, the organization and its work.

### Red Cross County Record

It might be of interest to many Scott Countians to be informed about the work accomplished in the last few years by this relief organization which operates in 57 countries of the world. During 1931-32 a total of 753 families were regularly supplied with clothing and food. Flour, milled from wheat donated by the United States government went into each of the Scott County communities, Chaffee 236 barrels, Perkins 25, Oran 55, Ilmo 43, Fornell 48, Commerce 25, Blodgett 50, Vauduer 35, Morley 35, Benton 15 and Sikeston 150 barrels.

That amount of flour did much to appease hunger in hundreds of families. Had it not been supplied by the Red Cross, the burden would have fallen with crushing weight upon the individual communities, the churches, civic organizations, or the County as a whole.

The season of 1930-31 will be remembered as a season of drought relief. It is significant that the National Red Cross Chapter sent into Scott County alone, a total of \$31,000 to be distributed in the form of groceries, food, clothing, medicine and medical services. That amount of money is nearly thirty times as much as Scott County usually raises during a Roll Call, and only half of that amount goes into the National treasury (50¢ of each membership).

### National Chapter Donates Cloth

The present Fall season still finds many persons unable to purchase clothing, although scanty incomes permit the buying of food supplies. To meet this emergency the Scott County Red Cross thru its several branch offices is working into garments 2500 yards of chambray, 2000 yards of gingham, 1700 yards of outing flannel, 800 yards of birdseye, 2000 yards of assorted print material, and approximately 2000 yards of mus-

President Hoover declares that if Governor Roosevelt wins and the Democratic tariff policy is adopted "The grass will grow in the streets of a hundred cities". Mr. President, we could take you to a dozen cities where the grass grows in the street at this moment.

Mrs. Teddy Roosevelt, at Madison Square Garden, speaks for Hoover's re-election.

That is to show that Franklin Delano has a different brand of sap in his family tree—differing from the sap in THE Roosevelt twigs.

We will lay even money, however, that should Hoover be re-elected 90 per cent of the banks in the U. S. A. will fail to open four months to the day from his inauguration March 4, 1933.

Look at your calendar, you lunatic!

The Lions Club dance was one of the most successful roars of the season.

One of the stories most often told about the Goblin Hop Monday night involves seven men.

Seems as though the hostess of an intermission party ran out of ice. Seven guests volunteered their services . . . and fifteen minutes later seven 50-pound hunks of ice were slowly melting away on the kitchen floor.

What a howl that must have been.

And another Sikeston patron of the dawnoe who had spent thirty delightful minutes at another intermission party talking with attractive married women, met the lady the next afternoon. Said she: "Twas quite a dance."

"Yeah!"

And said she: "Which intermission party did you attend?"

Curtains.

Red Kirby and Walter Ancell stoutly deny that they plan to challenge Mickey Walker and Max Schmeling.

. . . and Constable Brown Jewell does NOT want the job of refereeing.

And supposing one is not of the hen variety?

"How's business?" we asked a business man in a nearby town. "Listen boy. It's so quiet, you can hear the notes at the bank draw interest".

And there was frost on the grass the morning after.

The Man About Town is completing a survey of Neglected Wives and Disappointed Maids, who of late have suffered from the cold shoulder act.

As soon as the election is out of the way, we will have more time to devote to this form of Fall and Winter sport.

Our interest in the rural education problem has been considerably revived after seeing the little lady who presides over the Chaney school.

**ISSUES CHALLENGE TO RICHLAND TOWNSHIP**

Fornfelt, Mo.,

October 31, 1932

To Democrats of Richland Twp.

Your township has always been the banner Democratic Township of Scott County, but after the votes are counted after November 8, 1932, you will find that that honor has been taken away from you by Kelso Township. Get busy and disprove this assertion.

It is rumored that a certain candidate on the County Republican ticket will leave Richland Township with 700 to 1000 majority. I do not believe this—fair elections will not bear out this claim. If this should happen, Dr. O. E. Kendall, J. E. Marshall, R. Applegate and others would turn over in their graves. Judge Tanner, James Baker, John Tanner, Judge Myers, Clarence Bruton, T. B. Dudley, Rube Matthews and many others would feel greatly humiliated.

Richland, Kelso Township is sending you a challenge. How will you answer it?

**AL TAYLOR ENJOYING HOT SPRINGS SPORTS**

Mrs. Alvina Taylor in a letter to this newspaper today reveals that the family is enjoying its stay in Hot Springs, Ark., and states that Alvina has been fishing every day since his arrival there. "He is having fine luck", writes Mrs. Taylor.

Regarding Halloween, this Sikestonian comments that "the boys probably missed Harry Lampert last night (Monday) "Never saw such mob as turned out here for Halloween. Just couldn't get thru four blocks on Central Avenue".

The Taylor family sends regards to many Sikeston friends.

an adequate return, the order said, "this deficiency is not so great as to impair seriously the credit of the company. Further, the company recently put in service an improved filtration plant and pump house. The vastly improved quality of water should induce increased use. This will naturally increase the revenues. The commission, therefore, will make no finding as to a fair rate of return for the water property".

**No Previous Appraisal**

Chairman Milton R. Stahl of the commission said there has been no previous appraisal of the property for a fair value.

In fixing the fair value of the electric property in the "northern group" at \$1,750,000, the commission divided that amount as follows: Common property, \$1,023,925; local property, \$726,075.

The fair value of the Poplar Bluff common property was fixed at \$130,335 and the local property, \$79,244, for a total of \$209,579.

The fair value of the Cape Girardeau common property was fixed at \$428,656, and the local property earned 4.9% and the gas property 1.99.

The commission said to would make no ruling as to a fair rate return nor as to proper rates until the Cape Girardeau gas property is improved.

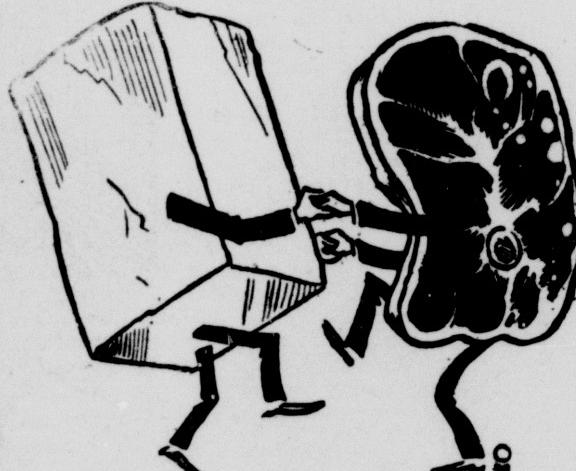

These figures include working capital, material and supplies and going concern value.

She is descended on her mother's side from Chancellor Livingston, who administered the oath of office to George Washington, her mother's name being Anna Hall Roosevelt.

Mrs. Roosevelt has not given her time to the swirl of social life; even at an early age her mind and heart were reaching out to others in less fortunate circumstances.

She devoted much time to the Rivington Street Settlement House on the lower East Side of New York.

It is doubtless true that her welfare work at the Rivington Street house had something to do with the development of the kindness and sympathy that are so characteristic of the wife of the Governor of New York.

She was married to Franklin D. Roosevelt, her fifth cousin once removed, at the age of 20. Theodore Roosevelt, then President of the United States, came up from Washington to give his niece in marriage.

The last baseball game of the season was played Friday, October 28 at Vanduser, Blodgett defeated Vanduser by the score of 8 to 6.

The Literary Society program sponsored by Miss Stebbins, was greatly enjoyed by all last Friday.

The first quarterly examinations were given last Thursday and Friday; report cards will be given out this week.

The Seniors are sorry to report that their president, Austin McDaniel, is ill with influenza. We hope that he will be able to be back in school soon.

BOOK CLUB TO MEET MONDAY, NOVEMBER 7

The Book Club will meet Monday afternoon, November 7 at 3:30 o'clock at the home of Mrs. M. M. Beck. Mrs. Kate Greer and Mrs. Ralph Anderson will review the play, "Alison's House" by Susan Glaspell.

## CHARLESTON JAYS DEFEAT DEXTER 28-0

Charleston, October 28.—The Charleston Blue Jays decisively defeated the Dexter Bear Cats at the Dexter gridiron this afternoon by a score of 28-0. Charleston swept the Bear Cats off their

feet this afternoon, gaining 235 yards from scrimmage to the Dexter teams 19. The Dexterites played a passing game, but this didn't do any good, as they only completed 5 out of 23 attempts for 75 yards. Of these one was a 50 yarder. The Jays completed 6 out of 13 attempts for 64 yards. Brown

of Charleston intercepted 3 of the Dexter passes and H. Bynum one. Swinger of Dexter intercepted one of the Charleston passes. The Blue Jays made 18 first downs to 2 for Dexter. Charleston was forced to punt 3 times, Ellis getting off a quick kick for the other punt. The punts averaged 34 yards, while Dexter punted 8 times for 266 yards, and an average of about 26 yards. As a result of the incomplete passes, Dexter was penalized 6 times for 30 yards. Charleston was penalized 3 for 15 yards.

The Charleston first score came in the first quarter on the fourth play of the game. Hubbard of Dexter punted from his own 19-yard line to back over his own goal line for a safety for Charleston. There was a very high wind which caught the ball and took it back over the goal line. Hunter Bynum, Charleston fullback took the ball over on a series of line plays which started on the Dexter 38-yard line. Bynum carried the ball 6 times for 30 of the 38 yards and was over for a touchdown. The next score came in the second quarter as a result of a sustained drive from Charleston's 32-yard line. Goodin finally putting over the ball after an 8-yard run. A pass, Ellis to Hay, made the score 15 to 0. In the third quarter, after an exchange of punts found the ball in Charleston's possession on Dexter's 45-yard line. Ellis passed to Howle once for 16 yards, and another time for 11 yards which, with several line plays, took the ball over for another score. Howle converted the extra point by a place-kick. In the final quarter, Goodin again scored on a 21-yard run, a fake through the right side of the line. This ended the scoring, but time alone prevented another score as the ball was in Charleston's possession on the 1-yard line. But, such is life, take it or leave it.

## STRAW MEN

President Hoover's Indianapolis speech was admired by Republicans because of the speaker's unusually vigorous delivery, but those to whom content is more important than manner found the address marred by the large amount of time devoted to the knocking down of straw men. The president has shown a great fondness for straw men in this campaign.

He may be as evasive. He may be as evasive as the Republican candidate. He may be as evasive as some of his fellow Democrats have accused him of being. But he has not shifted his position in this campaign on this tariff issue. He has merely tried to prevent a distortion of what he said.

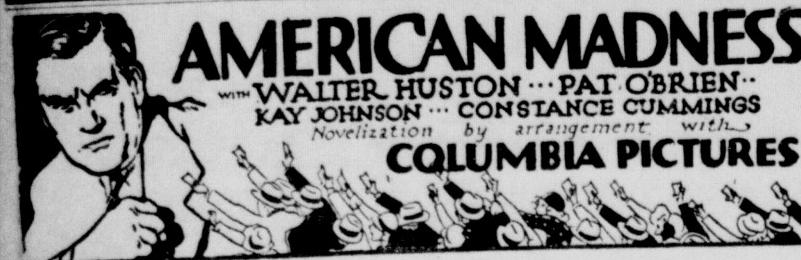

Efforts are being made to paint Roosevelt as an outright free trader. He is merely a candidate who agrees with many other Americans, including a lot of Republicans, that the Hawley-Smoot rates are too high.

In Baltimore, in an attempt to pin responsibility on the Republicans, Roosevelt pointed out that when the depression started the president, the cabinet and the congress were Republican, adding that, though it had no bearing on the matter, the majority of the supreme court judges were Republicans also.

The Republican presidential candidate seems to be desperate. If not, why these obvious straw men?—Journal Post.

WHAT HAS HAPPENED  
A robbery has been committed at Union City Bank. Matt Brown, chief teller, has been held for the crime. He refuses to give any explanation of his actions and previous night Dickson, president of the bank, refuses to believe him guilty, and feels that he is protecting somebody. In the meantime a rumor has been spread that the bank is in danger of closing its doors and there is a run on it. Dickson orders all the reserves sent up from the vaults in an effort to stop the run.

## NOW GO ON WITH THE STORY

"We haven't much money on hand, you know," Sampson cautions. "I hope we don't have to close our doors."

Dickson turned on him. "The bank's reputation wouldn't be worth a nickel after that. This is just a run. They've heard about the robbery and got panic-stricken. Listen. Get a hold of our available securities and save them turned into cash. Wait a minute. Get my personal staff and have that turned into cash too. Tell the boys that anyone caught arguing with the depositors will be fired on the spot."

"Yes, sir," Sampson left to carry out Dickson's orders.

As the president turned to return to Matt, Clark rushed up to him. He was accompanied by members of the board. "Mr. Dickson, we want to talk to you."

"What about?"

"We'll discuss that in the board room."

Dickson started away with the men, but the Inspector checked him. "Mr. Dickson, we've got a report on Brown's alibi. Want to hear it?"

"All right." Dickson turned to the directors. "Go to the board room. I'll be with you in a minute."

With that he turned and entered Sampson's office in the wake of the Inspector while the directors went into the board room.

Dickson smiled at the lad, confident that the report was favorable.

Dickson tries to talk to the crowd. Walter Huston as "Dickson"

body starts a silly rumor and they lose their heads."

"What'll we do?" Sampson was without a thought.

"I'll talk to them. You go back and tell the boys to stall, as much as possible. Tell them not to pay any attention to what I say. Tell them to verify every signature." Then turning to the crowd, he said. "Listen, everybody. Take your time, don't get excited. Everybody's in line you'll all be taken care of. I want you to know that you won't be safe. This bank's in excellent condition. I've got seven pay-tellers working as fast as they can. If you'll calm down, I'll make arrangements to keep the bank open until 4 o'clock so that you'll all be paid."

"We can't keep the bank open until 4 o'clock," Sampson whispered. "We haven't got cash to last another hour."

"Don't you suppose I know that?" Dickson replied under his breath and then walked into the board room to face the directors. "Well, gentlemen, we've got about an hour to go. You know what that means. We'll be forced to shut the doors. I've worked twenty-six years, night and day, to keep this bank alive. You've all made money out of it. Are you willing to help?"

"What do you mean, help?" asked Clark.

"I know, among you, you have at least a million dollars in banks throughout the city. Get that money over here and I'll stop this run in five minutes."

"That sounds very simple, Dickson, but why should we jeopardize our fortunes?" Clark inquired.

"I have everything I own in it," Dickson replied. "It's your bank as well as mine, isn't it?"

"Oh, is it?" Here was Clark's opening. "Since when?" He was prepared to rub it in. "Judging from the way you've ignored us, you wouldn't think so."

ANNISTON WINS OVER CANALOU 17-13, IN CAGE INAUGURAL

Charleston, October 29.—The Anniston boys' basketball team defeated the Canalou cagers at the Anniston gymnasium last night by a score of 17-13. This is the first game of the season for both teams.

Coach A. M. Koerber of Anniston states that he expects to have a good team this year, although he is seriously handicapped by lack of experienced men. He only has two letter men back, Harris a forward, and also captain, and Cheat, a guard. The rest of the squad of fourteen that he has out have very little as yet. Harris scored 10 out of his team's

"We tried to reason with you, but you wouldn't listen to us," Schulz broke it.

"The depositors you were protecting are the first ones to pounce on you," Clark was rubbing it in. "You thought they were your friends. Why don't you go out there now and try to get some help from them?"

"Aw, they're crazy!" Dickson muttered. "You can't reason with a mob."

"No, you can't reason with anyone else when you're in a jam. We pleaded with you to keep liquid, but you wouldn't listen to us. You preached to us about faith and a lot of other rubbish. Now I want our help. You want us to take a lot of cash into the bank; you've wrecked. All right. There's one way you can get it. Give us an option on your stock and resign as president."

Dickson looked at Clark. "So that's it, eh? You've waited a long time for this chance. Well, I'm not going to resign now, or ever."

"You have no choice," Schulz declared.

"I haven't, eh? I'll shut the bank first."

Clark was alarmed. "Say, you can't do that."

"I can't." The men were alarmed.

"You wait and see. If that run doesn't stop within the next hour, I'll shut the doors. You know what that means. The bank examiners will step in tomorrow. You'll be forced to liquidate. I'll insist upon it. The depositors will be paid 100 cents on the dollar, but that's left, gentlemen, you can have, but I'll guarantee it won't be enough to pay next month's garage bill."

Dickson left the directors to think it over. He went out and rounded up Sampson and Helen and all three commenced to telephone various banks, bankers and wealthy citizens for aid. Tellers were told to stand still. Depositors were all paid in dollar bills, which were counted and recounted to delay and keep the bank open.

Not a friend of Dickson's would come to his aid. All had excuses for not making loans. The Inspector decided to lock Matt up. Just as they were leaving, a detective reported that Cluett had been down to see Duke Pindar. Helen overheard the report and told the Inspector that Duke was in to see Cluett the day before.

"Well, now we're beginning to get somewhere," the Inspector declared. "Kelly, you stay here with Brown. We're going down to Cluett's office. Call me up there in five minutes, Kelly."

"What'll I say?"

"Say anything. Sing 'Mother MacBride.'" The Inspector left a bewildered Kelly and went to Cluett's office.

"The fools!" Dickson exclaimed, looking out over the surging mob.

"If they only knew it, they're making it worse for themselves. Some-

that remark, dwelt upon it at length and implied that his opponent planned to make the court subservient to him and the Democratic party. Also, he listed the Democratic justices that have been appointed by Republican presidents.

Mr. Hoover is not the person to get excited about the independence of the United States supreme court. True, as he proudly pointed out, he appointed Justice Cardozo. He did not mention that he made a supreme court appointment that had nothing but the most brazen politics in its favor, an appointment rejected by the

Senate.

In Baltimore, in an attempt to pin responsibility on the Republicans, Roosevelt pointed out that when the depression started the president, the cabinet and the congress were Republican, adding that, though it had no bearing on the matter, the majority of the supreme court judges were Republicans also.

It was obvious that the speaker had no intention of accusing the court of partisanship, or saying that it was responsible for the depression, or that he believed the court ought to be partisan. He was specific about that, even tho' his remark about the court was wholly incidental and wholly uncritical. Nevertheless, the president

had shown a great fondness for the supreme court judges seized upon

He has created a tariff straw man and another out of an incidental sentence in Roosevelt's Baltimore speech.

Discussing the tariff in Sioux City, Governor Roosevelt said that the agricultural schedules were a delusion and a snare because they do not really sustain agricultural prices, whereas the duties on the products the farmer must buy are effective.

President Hoover therupon interpreted this as meaning that his opponent was against tariffs on farm products. Roosevelt in Baltimore replied that such an interpretation was not only false but "silly". Then, in Indianapolis, the president declared that Roosevelt's Baltimore statement meant that the Democratic candidate had changed his position on agricultural tariffs, that he was an evasive person who doubtless could be driven from every stand he had ever taken.

### LOCAL AND PERSONAL FROM MORLEY

(By Mrs. C. A. Stallings)

Harold Cunningham of Jonesboro, Ark., has been a guest of Charley Smiley, C. D. Harris, Jr., and other friends the past few days.

Miss Mabel Foster of Benton came down Saturday for a weekend visit with Helen Miles.

Mrs. Allen Harrison of Morehouse is visiting her daughter, Mrs. Hal Boyce and family.

Rev. T. G. Craft and family left Thursday for Parma to make their home for the coming year, the former being transferred to the pastorate of the M. E. Church there. Morley people regret to lose this good family, but wish for them success and happiness in their new field of labor.

Mesdames R. H. Leslie, Lutie Leslie, and B. F. Earles were visitors at the L. C. Leslie home at Oran, Saturday afternoon.

Rev. E. C. Ellis and wife, who had been at Belieview, Mo., this past year, arrived here Friday to assume charge of the Methodist pastorate. We gladly welcome them to the community.

Mrs. U. G. Ragains and family were Sikeston business visitors Saturday evening.

A large number of Morley people attended the Democratic speaking at Sikeston Friday night among whom were Mr. and Mrs. T. H. Lett, Mr. and Mrs. Hal Boyce, Misses Amy and Dick Boyce, Mr. and Mrs. J. B. Kirkpatrick, Mr. and Mrs. A. M. Lancaster, Mesdames J. R. Lee, C. D. Cummings and L. Margrabe, and Mr. and Mrs. H. F. Emerson.

The Freshman class of the local high school held a party at the gymnasium Friday night with a large attendance.

Mrs. F. M. Lynn of Fornfelt spent Sunday with her daughter, Harold Ford, Jr.

A Republican meeting was held at the Liberty Theatre Friday night with Steve Barton, A. H. Johnson, Frank W. Van Horne and Curtis Moore among the speakers.

The Morley Study Club was entertained at the home of Mrs. Anna Beardslee Friday with Mrs. F. Emerson assisting the hostess. The program on Education was led by Mrs. Elmer Grant with Mrs. R. H. Leslie giving the first paper—A Challenge to Education, followed by a debate: Resolved that the present plan of redistricting our schools is a good one. Affirmative, Mrs. Harris Foster and negative, given by Mrs. C. A. Stallings. The concluding paper: "What Next?" was given by Mrs. B. F. Earles, after which excellent reports of the 9th District were made by Mesdames Lutie Leslie, R. H. Leslie, H. F. Emerson and C. D. Cummings. A delicious plate lunch was served at the conclusion. Mrs. Allen Harrison of Morehouse was a guest.

### NEW MADRID COUNTY SCHOOL NOTES

By Milus R. Davis

On October 15, the New Madrid County Textbook Commission met in the third regular session of this year and unanimously ordered contracts to be signed for the list of basic books found in our recommended list which we furnished July, 1932. This completes all technical requirements for a formal and legal adoption.

It was our desire to avoid the signing of contracts for it is no advantage to us and might prove to be a disadvantage. But we had to do this to keep from being tantalized by book peddlers. Now we can take action against them if they infringe upon these contracts.

Of course, we could not please all of the 20 competing book companies in selecting our textbooks last July. In fact, no company got as many books on the approved list as they desired, but they all showed good sportsmanship and graciously accepted our decisions—all except one company.

The agents of this one company have caused much confusion among the boards in the county, and even came to our County Board meeting, where they had no business, and disturbed our meetings. Personally, we feel that this is just one more experience for a public official, but we are very sorry that our school boards have been aggravated unnecessarily.

We are pleased to note that the adopted lists from several of our neighboring counties resemble ours in many of the basic books, which backs up the good judgment of our own Textbook Commission. We advised officials to use the old books until they wear out and then buy the new ones. Many of the new ones have already been introduced and reports from the teachers are very favorable.

Mrs. Wm. A. Byrne

Mrs. Wm. A. Byrne, who lived northeast of Bloomfield, died October 29th of heart trouble, after a long illness. Funeral services were held at Philadelphia Community church, burial in N. Antioch Cemetery.

She was Nannie L. daughter of

Mr. and Mrs. L. W. Rockett, former residents of north Scott County, where both Mr. and Mrs. Byrne were reared, moving to their present home in Stoddard County, 35 years ago. She married Wm. A. Byrne in 1885. He, one brother, Albert Rockett, of Oran five children survive: Jesse O., near Delta, Mrs. Grace Graves, near Bloomfield, Merle, of U. S. V. Hospital, Jefferson Barracks, Mrs. Bessie Doerchen, St. Louis, and Moy, U. S. V. M., Kansas City. Two children died in infancy, also Mrs. Fannie Fowler, and a sister, Mrs. Emma Blocker, some years ago.

Mrs. Byrne was a truly Christian mother, and beloved by all who knew her.

**JOE TAKES ONE SWIG OF TENNESSEE RUKUS JUICE—THEN, OH BOY!**

New Madrid, November 2—Joe Shelby of Tennessee might be able to celebrate in proper fashion while in Tennessee, but Joe found to his sorrow that Tennessee Hill Juice does not mix well with Southeast Missouri folks in the level country. Joe was arrested here Saturday night, but not before he had celebrated—and how.

He first visited a store, managed to involve a clerk in an altercation, but he was finally kicked out after brandishing a knife.

Later Joe showed up on the bayou near the city, secured an ax and started to go straight. He chopped wood.

Work soon proved to be disagreeable, so Joe shouldered his ax and started to town, yelling and shouting. On the levee he met the superintendent of the Boone & Webster Construction gang, in a Ford. After an exchange of remarks, Joe began punctuating his words by knocking the windshild out with the ax, and trying to reach the occupant of the machine. The superintendent made good his escape and notified officers Deputy Sheriff Dunn and Constable Wilkins.

Wilkins and Dunn found Joe wielding an effective ax on the Ford, but shifted his attack to the automobile in which the officers arrived. A shot fired in the general direction of up frightened Joe away for the time being, and his arrest followed.

Shelby is now charged with felonious assault, destruction of property, waving a deadly weapon in a threatening manner while drunk and resisting arrest. His preliminary hearing has not been held.

The editor was honored by a visit from Congressman Ralph Lozier, of Carrollton, Mo., Thursday just after noon. He was on his way from Bloomfield to Lumberton and Gideon, where he was to speak in the afternoon. We have known Mr. Lozier for forty years and can vouch for his Democracy.

**PERSONALS**

Raymond Lee and Mrs. Marshall are the grandson and daughter of Mr. and Mrs. John Witt of this city.

We quote none other than the famous William (needash) Sensenbaugh on the question of red noses at the last big Halloween dance. Says Bill, "It was one dance at which quite a few of our prominent citizens wore a red nose, and did not feel out of place".

**4-H RADIO PROGRAM TO BE GIVEN SATURDAY**

The attention of New Madrid County 4-H Club members is directed to a 4-H Club Radio program on next Saturday, November 5, beginning at 11:30 a. m. and continuing to 12:30 p. m.

Mr. and Mrs. Chris Francis and Mr. and Mrs. Harry Young and son, John Richard, who are at Hot Springs, Ark., are expected home Sunday.

Miss Maude Adams was in Cape Girardeau Wednesday afternoon. While in that city she went to see Raymond Lee, son of Mr. and Mrs. Raymond Marshall of Blodgett, who is a patient in St. Francis Hospital. At the time, he was reported to be slightly improved. Miss Adams also visited Mrs. Marshall, who is ill at the home of Mrs. W. H. Stubbs in that city.

This program will be given through Station WKW, St. Louis, (dial 1350) and station WDAF, Kansas City (Dial 610) and will be an excellent program of club songs by club members, music by the U. S. Marine Band and talks by club people.

Complete programs have been mailed to club leaders, and it is suggested that clubs meet where there is a good radio and listen in on this program.

The condition of Mrs. Henry Bartholomew, who underwent a major operation Monday, is doing satisfactorily.

Mrs. A. L. Coon of New Madrid, who entered the hospital last Tuesday for treatment, was released Thursday afternoon.

Wanda Hinton, 11-year-old daughter of Mr. and Mrs. J. E. Hinton, was operated on about 1:15 Thursday afternoon for appendicitis. Her condition is satisfactory.

Carl Riggs, of New Madrid, who for the past several days has been suffering from self-inflicted gunshot wounds, was released Thursday afternoon.

**On the Way Up With Roosevelt and Garner!**

"Our battle is essentially on behalf of the plain citizen—the average citizen—and I would like to feel that every one of those citizens, regardless of his or her political affiliations, should assume the position of a shareholder in the common enterprise and that his or her contribution should repre-

sent an investment that is to return dividends of good government. The major issue in this campaign is the economic situation.

"I am asking you to join in a great cause—a cause that goes deeply into the things that make life worth living."

**Reclaim Your Share in America!****Join the Shareholders in America**

The issue in this campaign is clear cut between Autocracy and Democracy. Which is it to be? It's up to you to decide. Do you want to reclaim your share in America—to restore the rights of the Forgotten Man in the national government? Or do you want a handful of privileged men to continue to control your government? This is no time for fear, for reaction, for timidity. It is time for decisive action to restore the fundamental principles of True Democracy upon which this country in the past has prospered.

Dissolve one package of lemon jello in one cup boiling water and add one can tomato soup. Cool. Cut three hard-boiled eggs in half and set one-half in each of six individual molds, cut side up. Pour tomato mixture around each half egg to hold it in place and set in the refrigerator to harden. Keep the remainder of gelatin in warm kitchen and when the jello around eggs has

set, fill the molds with remaining jello and let set and chill thoroughly. Unmold onto lettuce leaves and garnish with mayonnaise. Serves six.

Apricot Caramel Tarts: Cool together one tablespoon butter, one-fourth cup brown sugar, one-fourth cup white sugar, one tablespoon water until very thick and brown. Beat one egg yolk slightly, mix one teaspoon cornstarch with the syrup from one 8-ounce can of apricots and combine the two. Add caramel mixture and cook in double boiler until thick. Pour into six baked tart shells in which apricots have been arranged. Top with meringue made of white of egg and three tablespoons confectioner's sugar and brown in slow oven. Six tarts.

Here's How to  
Vote the Straight  
Democratic  
Ticket—

THE  
EDITOR  
SAYS—

A bone in the head kept Frank out of a commission in the World War and a bone in the leg kept him from being a buck private.

It seems like every time Mr. Hoover makes one of his masterful speeches stocks and grains fall off a few points and betting odds on Roosevelt increase. Is it possible the forgotten man is finding himself or is it the country has no confidence in the future of the country with Mr. Hoover in charge for four years more.

We need a change and we need some change.

It looks mighty like Goat Gland Brinkley will be the next Governor of Kansas. He is running on the Independent ticket against a regular Republican and a regular Democrat.

Down in New Madrid County, as well as in Scott County, there has been a great deal of personal ill-feeling stirred up by parties who were defeated on the Democratic ticket for the nomination for sheriff, and these disappointed candidates are doing everything in their power to defeat the regular nominees. This is a poor time to kick out of the harness when the sheriff of a county means so much to law and order and to orderly elections. We were greatly disappointed in both of these defeated candidates as we thought they were game enough to take their medicine and get behind the successful ones and help put them over. Our advice to Democrats of both counties is to not be led away by sore heads.

Owing to the size of the general election ballot this time it will be dangerous to attempt to vote a split ticket, so our advice is to place a cross in the circle under the emblem and vote a straight ticket. If you want four years more of Hoover place the cross under the Republican emblem, if you have a belly full of Republican policies, place the cross under the Democratic emblem.

The frosts of late have cut our dahlias low. It makes us sad to see these beautiful flowers wither and die when they were so full of life and beauty but a few days ago. Soon we will take up the clumps and carefully store them away with the hope we shall live through the winter with them, then place them in the earth to come forth with the season to gladden the hearts of the sick and the wail alike. It has been a pleasure to work among the flowers and share the bloom with homefolks and strangers alike who have stopped at our garden to admire them.

Unless a change comes in the condition of the laboring man soon, the future will be worse than bad. It used to be that most people slept on feather beds placed on top of a straw tick. Then big soft mattresses came along that discarded both the feather bed and straw tick. It now looks like most people will lose the mattress and with the price of wheat and oats down to almost nothing, the prospect of a straw tick to sleep on is growing slimmer. We have slept on a shuck mattress that had almost as many cobs in it as shucks and may come to it again. Corn bread, sorghum molasses and lye hominy will stop hunger—for a while.

Wonder who will be deputy sheriff at Sikeston if Frank gets in!

It is safe to bet the entire Democratic ticket in Scott County will be elected by majorities ranging from 1200 to 2500. Richland Township, including the City of Sikeston, will give her usual majority.

In his speech Wednesday night, Mr. Hoover was much exercised about what would become of the country, in case Mr. Roosevelt was elected, between election day and the date of his inauguration. Well, in that case, Mr. Hoover will still be in charge of affairs for the four months and with a Republican Senate and his Republican cabinet, he ought to save the country that much longer.

The word "hell" has been often mentioned in recent Republican campaign speeches. Well, it may be Hoover or Hell after Tuesday, but the country should be proud of the fact that it will be able to keep out of the clutches of the Devil from November until March at least no matter what happens. And we should not loose sight of the fact that four years of Hoover have toughened most of us to withstand almost anything.

VOLUME 21

SIKESTON, SCOTT COUNTY, MISSOURI FRIDAY MORNING, NOVEMBER 4, 1932

NUMBER 11

## Your Ballot Will Be 18 Inches Wide and 48 Inches Long When You State Your Choice On November 8th

When you go to the election polls Tuesday, November 8, you will receive a ballot which measures 18x48 inches. It is one of the largest "blanket" ballots, if not the largest, ever handled in Scott County.

Butler County's ballot takes a back seat, size considered, since it measures only 17 by 44 inches.

This ballot contains six political party slates. They are, in order from left to right, Republican, Democrat, Socialist, Socialist-Labor, Prohibition and Communist.

You will not vote for President on either of the tickets, but for the presidential electors, numbering fifteen. James A. Boone of Charleston is the presidential elector on the Democratic ticket for the 12th District in which Scott County is located. W. N. Barron of Poplar Bluff, is one of the electors on the Republican ticket.

### How To Vote

When you receive your ballot, you will not vote for all of the electors individually, but merely place a cross mark in the circle under the name of the party you desire—that is, provided you wish to vote a "straight" ticket. Should you desire to vote a "split ticket"

### Hackensmitz and Moore Win Legion Mat Events

Young Hackensmitz, formerly of this city, won the feature mat event Tuesday night on the first American Legion mat card in two straight falls over his opponent, Carl Freels of Wardell. The first fall came in 17 minutes with a "Chiropractic" head lock and the second with a body spread in exactly four minutes.

Jack Moore, welterweight champion of the world, downed Tony Caldwell of Morehouse in 19 minutes, using a full Nelson grappling his opponent by his feet and legs. The mat event was the first of

### National Election Returns to Be Given by the Sikeston Standard Beginning 6:30 P. M. Tuesday

National election returns will be available at the office of The Sikeston Standard beginning at 6:30 o'clock next Tuesday evening.

Arrangements were completed this week with Western Union to supply reports and tabulations from all parts of the United States, and to accommodate the anticipated crowd, this newspaper has made arrangements to use the I. O. O. F. building adjoining the office to the north.

Standard readers and the public generally are invited to drop in and remain as long as the reports continue to filter in throughout the night.

This service will, of course, be free to everyone, regardless of party, age, race or previous condition of servitude. The wire service will be furnished through the courtesy of The Sikeston Standard, the Buckner-Ragsdale Store Co. will furnish the loud speaker, and the Odd Fellows have willingly consented to "loan" their building for the occasion.

Bring your own pencils and paper—and perhaps a stool or chair would not be out of place. Come along and bring a friend.

### FARMERS AND STOCK RAISERS CAN RECEIVE LOANS FROM R. F. C. BANK

The Regional Agricultural Credit Corporation of St. Louis, with branches at 4201 S. Halsted St., Chicago, Ill., 506 Fidelity National Bldg., Kansas City, Mo., and Pine Bluff, Ark., is now ready to receive applications for loans to farmers and stockmen.

The corporation is prepared to compete with existing agencies engaged in similar financing, either governmental or private.

Those desiring loans should write to the office nearest them requesting application blanks covering the type of loan desired. These will be furnished with complete information.

Mr. and Mrs. P. H. Daniels and son of Kirkwood are expected as weekend guests of Mr. and Mrs. T. A. Wilson.

### A Kiss For Cinderella Or The Man Without a Party

Frank W. Van Horne's anti-ballot campaign is rapidly drawing to a close. We, therefore, pause in the midst of a frenzied shower of bologna, ballots, Blanton, free moving picture shows, free baseball gloves and free stick candy for Scott County babies to pay our respects and to plant one more kiss for Cinderella.

After Tuesday, November 8, Cinderella will again return to the prosaic life of yore.

However, we ask the question: "Why should any Scott County Democrat vote for Frank Van Horne?"

And the answer: "There is no reason".

After all the ballyhoo, the heavy artillery smoke screen, and the allegations and counter allegations are cleared away, there remains one fact. The Republicans of Scott County have neglected every other office on the ticket in order to concentrate upon this one important office, that of sheriff. They will shout, cajole, plead, beg and whine for votes—Democratic, Independent and Republican votes in order to put over their candidate.

Other Offices To Be Filled

You will vote not only for Presidential electors, but for one State Senator, Governor, Lieutenant-Governor, Secretary of State, Auditor, State Treasurer, Attorney-General, Judge of Supreme Court, (Division No. 1) one to be elected, Judge Supreme Court (Division No. 2) two to be elected, Judge of Springfield Court of Appeals, representatives in Congress (13 to be elected) State Senator, (23rd district) Prosecuting Attorney, Sheriff, Assessor, Treasurer, Surveyor, Public Administrator, Coroner and Constable.

You will not vote for President on either of the tickets, but for the presidential electors, numbering fifteen. James A. Boone of Charleston is the presidential elector on the Democratic ticket for the 12th District in which Scott County is located. W. N. Barron of Poplar Bluff, is one of the electors on the Republican ticket.

Republican leaders know, and Scott County Democrats should learn that the office of Sheriff is important not only because the sheriff is the chief law enforcing agent of the County, but because the responsibility of conducting elections as they should be conducted. If the Democrats wish to hand over this most important office in the county to the opposition party they can do so.

His statement, in which we have implicit faith, also does not explain the action of another challenger, who had to threaten police action in order to prevent Mr. Van Horne from accompanying negro voters INTO THE BOOTHS in Sikeston Ward 2 precinct. Anyone living within two miles of Sikeston knows Frank Van Horne's record, and a load of negro voters had to be stopped at McMullin, where they had no right to vote, as Van Horne should have known if, as he claims, they came from his lands.

Ask any Republican to scratch for YOUR county candidate and you will be confronted with a bird's eye view of what you can expect for your party at the polls four years hence.

This leads us to an important observation. If Citizen Frank Van Horne has difficulty in determining where negroes on his own land should vote, how in the name of Justice and a fair ballot could Sheriff Frank Van Horne tell one colored voter from the other and the sheriff has complete and final jurisdiction over the polls?

Would you like that, you Scott County Democrats?

And that is the man you Democrats are asked to scratch for in order that "Scott County might have a decent administration".

At this time Republican leaders and Mr. Van Horne are raising a smoke screen to befuddle their Democratic "Friends"? by recalling the efficient work of Van Horne as a County Judge. As a minority representative on the Scott County Court, Judge Van Horne has yester every proposition that has come up with one exception, the payment of a bill rendered by The Sikeston Standard for printing the primary ballots.

At no time did C. L. Blanton "become furious", and at no time did Judge Van Horne arise in wrath and "refuse to pass this bill unless it be by jury of twelve men".

Yet, both of those statements appear in paid advertisements of Van Horne supporters, and both of those statements are frequently quoted by speakers on Van Horne programs.

Scott County Democrats have no apologies to make for their Candidate Joe Anderson. He had guts enough to appear in the primary, and to defeat a slate of five candidates for the job. Frank Van Horne's name did not even appear on the Republican ballot, yet Scott County Democrats who voted for Anderson are being asked to scratch their choice.

Having visited the Red Cross sewing room and watched the cutters and the sewers at work, makes us wonder why a garment factory of some sort could not be operated here on a small and a paying scale. Many women and girls who are handy with scissors, needle and machine would be glad to have such clean work to earn a few dollars each week.

Boos and cheers greeted President Hoover at Philadelphia Monday night. This coming from the rock ribbed Republican State of Pennsylvania certainly is the limit. The President of the United States should be treated with due courtesy by every citizen of the United States, whether member of his political party or not.

**ATHLETE'S FOOT**

Over 30 Million Americans Now Have It—Is This Dreaded Disease Becoming a Plague?

Athlete's Foot is a fungus germ (Tinea) which appears on the feet in the form of a little yellow blister, causing severe irritation and itching—especially between the toes. This disease is very contagious and is spreading rapidly among all classes of people.

The failure to successfully treat Athlete's Foot in the past has been largely to the fact that these germs hibernate in the pores of the shoes. Salves and liquids applied only to the feet DO NOT PENETRATE THE PORES OF THE

Medical Science has recently de-

veloped an amazing treatment known as Meritt Foot Powder, which laboratory and clinical tests have proved will positively kill these germs and restore feet so infected to a normal healthy condition. It is simply sifted on the feet and into the shoes.

Meritt Foot Powder quickly eliminates excessive perspiration and scaling of the toes. It heals irritation and is unsurpassed for healing and a deodorant. Why suffer another day when this fast working treatment is positively guaranteed to overcome these distressing conditions or your money refunded.

**The Debt of Gratitude of Scott County Farmers to Four Years of Hoover Prosperity**

We are afraid Frank Van Horne and some of his followers dislike The Standard editor so much they will refuse to vote one of the ballots printed in The Standard office. However, we'll assure them that we have no catching diseases, though wouldn't mind transmitting the itch to some of them.

The Democratic ass will continue to bray it matters not what adversity overtakes him. No man ever saw the son of an ass but what was more or less independent and so it is with Democrats. They are always hopeful but seldom successful, but this time it looks as though their dream will come true.

Many a vote will be lost in Missouri in attempting to scratch some part of the ticket. If you believe in a change, make your mark in the circle under the Democratic emblem and give the ballot to the judge without further marks.

We have before us one of Frank Van Horne's sample ballots given to a Democratic woman showing her how to vote all the Democratic ticket, except sheriff, and that exception was Mr. Van Horne. Instead of the mark being made in the circle under the Democratic heading, he told the woman to put the cross mark under the emblem and above the name "Democratic Party". It was to be made right is the reason the husband of the woman brought the sample ballot to The Standard office to be shown. Our advice was to make a cross mark in the circle under the Democratic ticket and vote it straight.

From Scott County's cotton crop, \$746,000 was cut, cotton having declined in price from 19 cents a pound to six cents on the 11,476 bales produced in the county. Scott County's loss on wheat was \$330,000 during the Hoover era.

During the four years of the Hoover administration Scott County farmers have dropped approximately \$24,250,000 on their farm products. In addition to these losses farm lands of the county have depreciated 25 per cent during the period, a loss of \$5,000,000 to the farmers.

**Charles U. Becker, Ardent Republican, Annoyed Charges of Bossism for Democrats in Scathing Attack on Ed Winter**

Small groups of Republicans here and there in the State have been urging Charles U. Becker, Secretary of State, to make speeches for the State and national tickets.

To each of these groups Secretary Becker has sent the following explanatory letter:

"I am sorry to have to tell you that it is not going to be possible for me to make a speech in this campaign.

"I have some very dear friends on the State ticket whom I would like to see elected. If I made a speech and did not approve of every man on the ticket, I am afraid I would hurt my friends.

"The Republican State Committee has not asked me to participate and I am sure it would not approve of my entry at this time. It has never displayed any interest in uncovering the theft of votes from me in many sections of the State and it has never sought to make amends for the evil done me by hired character assassins in the recent primary.

"However, I am still a loyal Republican, but I cannot support the candidate of the character assassins and ballot box stuffers, whose spokesmen declared in speeches before the primary that they and their associates would not vote for me if I received the nomination—in fact, that they would wreck the party rather than support me.

"Taking ballot box stuffing, a terrible crime, out of the picture, let me ask you, would you forgive and support a man who threw mud at you, had all of his henchmen accuse you of every filthy crime imaginable, hired character assassins to travel over the State to damage your standing, assaulted the character of your family and the character of your friends who had the courage to support you?

"A man who will submit to character assassination has very little respect for himself or his family.

"I am proud of the fact that I worked hard for the Republican party, contributed generously of my time and money, when the party needed help.

"Then comes a time when a political machine, craving more power and profit, is afraid of the man who has been leading the ticket, and it organizes to steal the nomination from him.

"The nomination for governor was stolen from me, and you know it, if you read what was done to me in Kansas City, St. Louis, St. Joseph, and in many of the leading Republican Counties—Butler, for instance—where there never before had been any Republican primary thefts.

"Why is Mr. Winter raving about Democratic ballot box stuffing in Kansas City? To direct attention away from himself, because his machine, composed of Hyde, Clements, Caulfield, and Curtis, engineered the theft of about 9500 votes from me and gave them to him. In many precincts he got all of the votes—in precincts where hundreds of my friends have assured me they voted for me.

"Why did not Governor Caulfield act when the cry of fraud in the primary was made by leading Republicans of Kansas City who demanded the removal of the election commissioners? He made a brief investigation, but he refused to remove the election commissioners, no doubt because that would have exposed the rotten deal I received from Republican judges and clerks, which, if corrected, would have given me the nomination.

"Our party is not going to endure under the direction of a machine that fixes slates for the primary and steals the votes cast for candidates not on its slates.

"We have no right to accuse other parties of ballot box stuffing if the Hyde-Clements-Caulfield-Curtis-Winter machine is allowed to go unpunished for such acts. It is unfair for the pot to call the kettle black.

"I did not have the money to contest the nomination for governor, when the theft of thousands of votes from me became evident, nor the money to get up petitions so I could file on an independent ticket.

"Thousands of my friends are so indignant that they inform me they are going to write my name on the ballot.

"Section 10310 of the Revised Statutes of 1929 provides: 'If the voter desires to vote for one or more candidates whose name or names do not appear on the printed ballot he may do so by drawing a line through the printed name of candidate for such office, and writing below such canceled name the name of the person for whom he desires to vote, and placing a cross in the square at the left of such name'.

"Very truly yours,

## Scott County Red Cross Roll Call; Chairman Outlines Annual Drive Plans

The annual Scott County Roll Call campaign is officially scheduled to be held beginning Armistice Day, November 11, and ending Thanksgiving Day, according to J. Ernest Harper, chairman of the campaign this year.

"Scott County fared miserably in the 1931 Roll Call Drive," Mr. Harper is quoted as saying, "and for that reason residents in all parts of the County should be particularly interested in turning out a record Roll Call this year in order that the chapter might once again be reinstated among the leaders by the National Chapter."

A comprehensive campaign has been outlined, but various towns and communities will operate differently to accomplish the one common end—at least one membership for each Scott County family.

In Illinois, for instance, the Parent-Teachers Association is expected to carry out the work to completion, and according to E. L. Purcell, editor of the Illinois Implicite, the Tri-Cities, Illinois-American-Farmers can be depended upon to turn out wholeheartedly despite the fact that thousands of dollars have been raised locally for factories.

### Chaffee Is Optimistic

The Chaffee Red Cross Chapter, headed by the dynamic K. O. Ray, has definitely assured the Scott County Chairman, P. E. Mount, and Mr. Harper, the Roll Call Chairman, that Chaffee will turn out a record Roll Call this year.

In Sikeston the work will be equally divided as possible between churches and church groups who will thoroughly canvas the entire district. The Sikeston Lions Club and Chamber of Commerce will cover the business district proper. The drive here will start November 14.

It is the same everywhere, in Morley, Commerce, Oran, Blodgett, Diehlsstadt, New Hamburg, Kelso, Miner and McMullin—in each community willing workers have been found to accept the work of soliciting members for the Red Cross.

November 13 is officially and nationally dedicated as Red Cross Sunday, and the clergy of Scott County is requested to make a few appropriate remarks that day in behalf of Red Cross, the organization and its work.

### Red Cross County Record

It might be of interest to many Scott Countians to be informed about the work accomplished in the last few years by this relief organization which operates in 57 countries of the world. During 1931-32 a total of 753 families were regularly supplied with clothing and food. Flour, milled from wheat donated by the United States government went into each of the Scott County communities, Chaffee 230 barrels, Perkins 25, Oran 55, Blodgett 43, Fornet 43, Commerce 25, Blodgett 50, Van Dusen 35, Morley 35, Benton 35 and Sikeston 150 barrels.

That amount of flour did much to appear bigger in hundreds of families. Had it not been supplied by the Red Cross, the burden would have fallen with crushing weight upon the individual communities, the churches, civic organizations, or the County as a whole.

The season of '30-31 will be remembered as a season of drought relief. It is significant that the National Red Cross Chapter sent into Scott County alone, a total of \$31,000 to be distributed in the form of groceries, food, clothing, medicine and medical services. That amount of money is nearly thirty times as much as Scott County usually raises during a Roll Call, and only half of that amount goes into the National treasury (50¢ of each membership).

**National Chapter Donates Cloth**  
The present Fall season still finds many persons unable to purchase clothing, although scanty incomes permit the buying of food supplies. To meet this emergency the Scott County Red Cross thru its several branch offices is working into garments 2500 yards of chambray, 2000 yards of gingham, 1700 yards of outing flannel, 800 yards of bingey, 2000 yards of assorted print material, and approximately 2000 yards of mus-

### Radio Hissing Device Would Help, Says Earle

If audiences could hiss radio programs, it would bring immediate improvement in the character of radio entertainment, declares George Earle, one of America's foremost musical directors. "People were never so hard to please as they are today, and with a hissing device, the audience could bring its disapproval to the attention of artists and program directors."

GEORGE EARLE

## "Thrill School" of the Air Puts Sleuth In Every Home

The radio detective mystery drama—thrill school of the air, has an amateur sleuth in every home and a figurative magnifying glass in every hand.

Coffee boils unheeded over the stove while amateur sleuths listen with bated breath to the awe-inspiring voice of the Shadow and raise imaginary guns to shoot down the desperadoes who are making off with the hysterical maiden.

Dishes remain unwashed in the sink while housewives listen to the denouement of the latest radio thriller and tell the iceman and the grocery boy just how they, themselves would have gone about solving the mystery.

A simple twist of a radio dial has developed a nation of amateur sleuths. The modern broadcasting station has taken the place of the correspondence detective school in all but one particular—that of issuing a handsomely embossed diploma and a glittering tin badge boldly proclaiming "Sleuth."

If all this sounds like an overstatement you have but to wade through some of the thousands of letters received at police headquarters, particularly after a mystifying crime has been committed. From Busted Forks, Ariz., to Two Pants, Vt., thousands of radio-made sleuths send in well-mean advice to the police as to how to go about their detecting.

The broadcasting stations, particularly the larger ones have developed a method of their own in handling the mystery thriller. It is a method calculated to raise the hair right off the top of the head and give the radio fan all of the thrills of the genuine detective without any of the perils.

One of the most popular programs on this form of entertainment is the Shadow feature of the Blue Coal Radio Hour which is broadcast every Wednesday evening over the N. B. C. network.

The Blue Coal Programs, which Mr. Earle directs over the Columbia network every Sunday afternoon, and over the WEAF network of NBC Wednesday evenings are among the most popular now on the air, due to Mr. Earle's constant study of his audiences.

THE SHADOW

read in the cold type of the printed book.

When a Shadow program goes on the air, the broadcasting studio is an orderly jumble of musicians and sound effects, the latter ranging from a drum like contrivance to simulate machine gun bullets, to an actual door set in a frame and mounted on wheels so that it may readily be rolled to the mike when the script says "Slam door!"

The broadcasting stations, particularly the larger ones have developed a method of their own in handling the mystery thriller. It is a method calculated to raise the hair right off the top of the head and give the radio fan all of the thrills of the genuine detective without any of the perils.

Ross Gorman, the musician who originated the heart thumping run in the Rhapsody in Blue for Paul Whiteman, plays the quavering ocarina, the brusque telephone, the penetrating terra cotta and the uncanny rottophone on the Shadow program, creating an atmosphere which places the imaginative amateur sleuth at bay in a Chinatown jazz house or tracking his quarry through a Limehouse fog, depending upon the desired locale.

Arrangements have been completed to have the Hon. Langdon Jones of Kennett address a mass meeting of Scott County Democrats at Benton Monday night, November 7, culminating a County-wide effort to arouse more interest in the election on the following day.

Committeemen and women over the County are busy now asking Democrats to turn out for the monster automobile parade which is scheduled to leave Benton at 8 o'clock Monday morning, and pick up additional cars as the parade progresses through the many Scott County towns and communities.

Those in the parade are requested to have their cars decorated with placards, and banners if possible, and to carry noise makers, such as horns and cow bells.

The parade is scheduled to arrive in Sikeston at 10:10 o'clock that morning, where it will be enlarged by a dozen or more cars. The full schedule follows:

Leave Benton 8:00 a. m.  
Leave Blodgett 8:30 a. m.  
Leave Morley 9:00 a. m.  
Leave Vanduser 9:30 a. m.  
Leave Crowder 9:40 a. m.

Leave Bleda 2:45 p. m.  
Leave Oran 3:00 p. m.  
Leave New Hamburg 3:30 p. m.  
Arrive Benton at 4:00 p. m.

Following the arrival in Benton about 4 o'clock in the afternoon, there will be an hour or so "free time", band concerts, supper and then the big night rally at which Langdon Jones will speak.

Mrs. W. L. Carroll, Mrs. Ben Carroll and Mrs. Ray Duncan returned from St. Louis Tuesday night. The Mesdames Carroll visited with the former's daughter, Mrs. H. S. Hulen. They also were there to be present when the latter's daughter, Miss Flavia, was operated on. She sustained the operation, Monday, and late reports from her, are that she was feeling very good. While in the city, Mrs. Duncan visited her sister, Mrs. W. C. Henry.

President Hoover declares that if Governor Roosevelt wins and the Democratic tariff policy is adopted "The grass will grow in the streets of a hundred cities".

Mr. President, we could take to a dozen cities where the grass grows in the street at this moment.

Mrs. Teddy Roosevelt, at Madison Square Garden, speaks for Hoover's re-election.

That is to show that Franklin Delano has a different brand of sap in his family tree—differing from the sap in THE Roosevelt twigs.

We will lay even money, however, that should Hoover be re-elected 90 per cent of the banks in the U. S. A., will fail to open four months to the day from his inauguration March 4, 1933.

Look at your calendar, you lunatic!

The Lions Club dance was one of the most successful roars of the season.

One of the stories most often told about the Goblin Hop Monday night involves seven men.

Seems as though the hostess of an intermission party ran out of ice. Seven guests volunteered their services . . . and fifteen minutes later seven 50-pound hunks of ice were slowly melting away in the kitchen floor.

What a howl that must have been.

And another Sikeston patron of the dawnee who had spent thirty delightful minutes at another intermission party talking with attractive married woman, met the lady the next afternoon. Said she: "I was quite a dance".

"Yeah!"

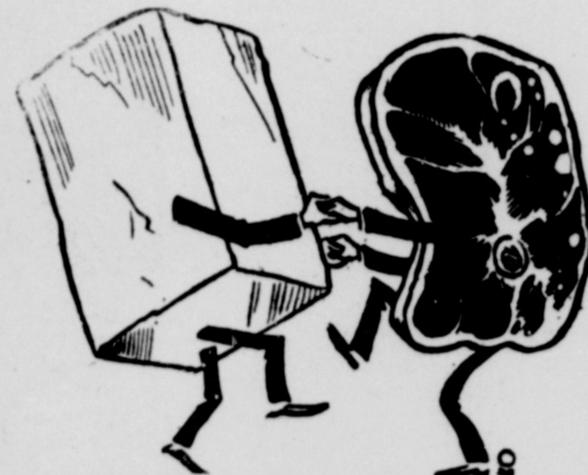

And said she: "Which intermission party did you attend?"

Curtains.

Red Kirby and Walter Aencell stoutly deny that they plan to challenge Mickey Walker and Max Schmeling.

...and Constable Brown Jewell does NOT want the job of refereeing.

Some of the "best dressed" girls in an Earl Carroll revue would have resembled a drove of Esquimaux compared to the forms exhibited by one or two patrons of the hop.

**ISSUES CHALLENGE TO RICHLAND TOWNSHIP**

Fornfelt, Mo.,

October 31, 1932

To Democrats of Richland Township.

Your town has always been the banner Democratic Township of Scott County, but after the votes are counted after November 8, 1932, you will find that that honor has been taken away from you by Kelso Township. Get busy and disprove this assertion.

It is rumored that a certain candidate on the County Republican ticket will leave Richland Township with 700 to 1000 majority. I do not believe this—fair elections will not bear out this claim. If this should happen, Dr. O. E. Kendall, J. E. Marshall, R. Applegate and others would turn over in their graves. Judge Carroll, James Baker, John Tanner, Judge Myers, Clarence Bruton, T. B. Dudley, Rue Matthews and many others would feel greatly humiliated.

Kelso Township is sending you a challenge. How will you answer it?

an adequate return, the order said, "this deficiency is not so great as to impair seriously the credit of the company. Further, the company recently put in service an improved filtration plant and pump house. The vastly improved quality of water should induce increased use. This will naturally increase the revenues. The commission, therefore, will make no finding as to a fair rate of return for the water property".

**No Previous Appraisal**

Chairman Milton R. Stahl of the commission said there has been no previous appraisal of the property for a fair value.

In fixing the fair value of the electric properties in the "northern group" at \$1,750,000, the commission fixed the fair value of the electric properties in the "southern group" at \$130,000, the Cape Girardeau water property at \$150,000 and the Cape Girardeau street railway property at \$100,000.

The commission said to would make no ruling as to a fair rate return nor as to proper rates until the Cape Girardeau gas property is improved.

The evidence shows that the mains of the company's gas property are in approximately 50 per cent condition", the order said. "The annual reports of the company to the commission show that the loss and unaccounted-for gas was 32 per cent in 1927, 23 per cent in 1928, 19 per cent in 1929, 23 per cent in 1930 and 27 per cent in 1931. The bad state of repair of the mains probably is the cause of the excessive amount of lost and unaccounted-for gas. It caused an increase of operating cost which the consumer bears. This increase in operating costs partially offsets the company's failure to earn an adequate return on this property".

CHARLESTON JAYS  
DEFEAT DEXTER 28-0

Charleston, October 28.—The Charleston Blue Jays decisively defeated the Dexter Bear Cats at the Dexter gridiron this afternoon by a score of 28-0. Charleston swept the Bear Cats off their

feet this afternoon, gaining 235 yards from scrimmage to the Dexter teams 19. The Dexterites played a passing game, but this didn't do any good, as they only completed 5 out of 23 attempts for 75 yards. Of these one was a 50 yarder. The Jays completed 6 out of 13 attempts for 64 yards. Brown

of Charleston intercepted 3 of the Dexter passes and H. Bynum one. Swinger of Dexter intercepted one of the Charleston passes. The Blue Jays made 18 first downs to 2 for Dexter. Charleston was forced to punt 3 times, Ellis getting off a quick kick for the other punt. The punts averaged 34 yards, while Dexter punted 8 times for 206 yards, and an average of about 26 yards. As a result of the incomplete passes, Dexter was penalized 6 times for 30 yards. Charleston was penalized 3 for 16.

The Charleston first score came in the first quarter on the fourth play of the game. Hubbard of Dexter punted from his own 19-yard line to back over his own goal line for a safety for Charleston. There was a very high wind which caught the ball and took it back over the goal line. Hunter Bynum, Charleston full back took the ball over on a series of line plays which started on the Dexter 38-yard line. Bynum carried the ball 6 times for 30 of the 38 yards and was over for a touchdown. The next score came in the second quarter as a result of a sustained drive from Charleston's 32-yard line. Goodin finally putting over the ball after an 8-yard run. A pass, Ellis to Hay, made the score 15 to 0. In the third quarter, after an exchange of punts found the ball in Charleston's possession on Dexter's 45-yard line, Ellis passed to Howle once for 16 yards, and another time for 11 yards which, with several line plays, took the ball over for another score. Howle converted the extra point by a place-kick. In the final quarter, Goodin again scored on a 21-yard run, a fake through the right side of the line. This ended the scoring, but time alone prevented another score as the ball was in Charleston's possession on the 1-yard line. But, such is life, take it or leave it.

bodies starts a silly rumor and they lose their heads."

"What'll we do?" Sampson was without a thought. "Tell them to go back and tell the boys to stall, as much as possible. Tell them not to pay any attention to what I said. Tell them to verify every signature." Then turning to the crowd, he said: "Listen, everybody. Take your time, don't get excited. Everybody stay in line, you'll all be taken care of. I want you to know that your money's safe. This bank's in excellent condition. I've got seven paying tellers working as fast as they can. If you'll calm down, I'll make arrangements to keep the bank open until 4 o'clock so that you'll all be paid."

"We can't keep the bank open until 4 o'clock," Sampson whispered. "I've heard about the robbery and... panic-stricken. Listen. Get a hold of our available securities and have them turned into cash. Wait a minute. Get my personal stuff and have that turned into cash too. Tell the boys that anyone caught arriving with the depositors will be fired on the spot."

"Yes, sir," Sampson left to carry out Dickson's orders.

As the president turned to return to Matt, Clark rushed up to him. He was accompanied by members of the board. "Mr. Dickson, we want to talk to you."

"What about?"

"We'll discuss that in the board room."

Dickson started away with the men, but the Inspector checked him. "Mr. Dickson, we've got a report on Brown's alibi. Want to hear it?"

"All right." Dickson turned to the directors. "Go to the board room. I'll be with you in a minute." With that he turned and entered Sampson's office in the wake of the Inspector while the directors went into the board room.

Dickson smiled at the lad, confident that the report was favorable. "Dickson's orders."

As the president turned to return to Matt, Clark rushed up to him. He was accompanied by members of the board. "Mr. Dickson, we want to talk to you."

"What about?"

"We'll discuss that in the board room."

Dickson started away with the men, but the Inspector checked him. "Mr. Dickson, we've got a report on Brown's alibi. Want to hear it?"

"All right." Dickson turned to the directors. "Go to the board room. I'll be with you in a minute." With that he turned and entered Sampson's office in the wake of the Inspector while the directors went into the board room.

Dickson smiled at the lad, confident that the report was favorable.

**WHAT HAS HAPPENED**

A robbery has been committed at the Union City Bank. Matt Brown, the chief teller, has been shot. He gave any explanation of his actions on the previous night. Dickson, president of the bank, refuses to believe him guilty. In fact, he is protecting somebody.

In the meantime, a rumor has been spread that the bank is in danger of closing its doors and there is a run on it. Dickson orders all the reserve cash sent up to the vaults in an effort to stop the run.

**NOW GO ON WITH THE STORY**

"We haven't much money on hand, you know," Sampson cautioned. "I hope we don't have to close our doors."

Dickson turned on him. "The bank's reputation wouldn't be worth a nickel after that. This is just a robbery. They've heard about the robbery and... panic-stricken. Listen. Get a hold of our available

securities and have them turned into cash. Wait a minute. Get my personal stuff and have that turned into cash too. Tell the boys that anyone caught arriving with the depositors will be fired on the spot."

"Yes, sir," Sampson left to carry out Dickson's orders.

As the president turned to return to Matt, Clark rushed up to him. He was accompanied by members of the board.

## LOCAL AND PERSONAL FROM MORLEY

(By Mrs. C. A. Stallings)

Harold Cunningham of Jonesboro, Ark., has been a guest of Charley Smiley, C. D. Harris, Jr., and other friends the past few days.

Miss Mabel Foster of Benton came down Saturday for a weekend visit with Helen Miles.

Mrs. Allen Harrison of Morehouse is visiting her daughter, Mrs. Hal Boyce and family.

Rev. T. G. Craft and family left Thursday for Parma to make their home for the coming year, the former being transferred to the pastorate of the M. E. Church there. Morley people regret to lose this good family, but wish for them success and happiness in their new field of labor.

Mesdames R. H. Leslie, Lutie Leslie, and B. F. Earles were visitors at the L. C. Leslie home at Oran, Saturday afternoon.

Rev. E. C. Ellis and wife, who had been at Bellevue, Mo., this past year, arrived here Friday to assume charge of the Methodist pastorate. We gladly welcome them to the community.

Mrs. U. G. Ragains and family were Sikeston business visitors Saturday evening.

A large number of Morley people attended the Democratic speaking at Sikeston Friday night among whom were Mr. and Mrs. T. H. Lett, Mr. and Mrs. Hal Boyce, Misses Amy and Dick Boyce, Mr. and Mrs. J. B. Kirkpatrick, Mr. and Mrs. C. A. Stallings, Mr. and Mrs. A. M. Lancingaster, Mesdames J. R. Lee, C. D. Cummings and L. Margrabe, and Mr. and Mrs. H. F. Emerson.

The Freshman class of the local high school held a party at the gymnasium Friday night with a large attendance.

Mrs. F. M. Lynn of Fornfelt spent Sunday with her daughter, Mrs. Leonard Ford, Jr.

A Republican meeting was held at the Liberty Theatre Friday night with Steve Barton, A. H. Johnson, Frank W. Van Horne and Curtis Moore among the speakers.

The Morley Study Club was entertained at the home of Mrs. Anna Beardslee Friday with Mrs. F. Emerson assisting the hostess. The program on Education was led by Mrs. Elmer Grant with Mrs. R. H. Leslie giving the first paper—A Challenge to Education, followed by a debate: Resolved that the present plan of redistricting our schools is a good one. Affirmative, Mrs. Harris Foster and negative, given by Mrs. C. A. Stallings. The concluding paper: "What Next?" was given by Mrs. B. F. Earles, after which excellent reports of the 9th District were made by Mesdames Lutie Leslie, R. H. Leslie, H. F. Emerson and C. D. Cummings. A delicious plate lunch was served at the conclusion. Mrs. Allen Harrison of Morehouse was a guest.

## NEW MADRID COUNTY SCHOOL NOTES

By Milus R. Davis

1932 was the "Big Adoption Year" throughout the State and we have discharged our duty by providing a list of spindid books conform to the State Course of Study as much as possible. The basic books are:

Gehrs Agricultures by Macmillan Co., Standard Service Arithmetics by Scott, Foresman & Co., Sapp & Fair Civics by Lucas Bros., Living Geograph by Macmillan Co., History Series by Macmillan Co., Hygiene Series by Lyons & Carnahan, Language and Grammar by Ginn & Co., Elson Basic Readers by Scott, Foresman & Co., New McCall Spellers by Laidlaw Bros.

We furnish a detailed list, giving prices which are 25 per cent below the retail price, provided books are bought direct from publisher. These new books cost less on the average than the old books and are superior.

We are stressing the Gates-Huber supplementary reader which is an outstanding book and costs less than the old supplementary reader. Supt. Wilson of Portageville has just put in a supply of them and his grade teachers are all smiles.

We regretted very much to hear of the death of one of the Risco teachers, Miss Katherine Arnold. Her friendship was valued highly, especially since she was one of the writer's pupils at Parma while serving as superintendent thereon several years ago.

### MRS. WM. A. BYRNE

Mrs. Wm. A. Byrne, who lived northeast of Bloomfield, died October 29th of heart trouble, after a long illness. Funeral services were held at Philadelphia Community church, burial in N. Antioch Cemetery.

She was Nannie L., daughter of

Mr. and Mrs. L. W. Rockett, former residents of north Scott County, where both Mr. and Mrs. Byrne were reared, moving to their present home in Stoddard County, 35 years ago. She married Wm. A. Byrne in 1885. He, one brother, Albert Rockett, of Oran and five children survive: Jesse O., of Delta, Mrs. Grace Graves, near Bloomfield, Merle, of U. S. V. Hospital, Jefferson Barracks, Mrs. Bessie Doerchen, St. Louis, and Moy, U. S. V. M., Kansas City. Two children died in infancy, also Mrs. Fannie Fowler, and a sister, Mrs. Emma Blocker, some years ago.

Mrs. Byrne was a truly Christian mother, and beloved by all who knew her.

## Golden Fritters

**G**IME is money. Don't fritter it away. But you can coin time into pure gold by voting it to making fritters out of golden Hawaiian pineapples by either of the two following recipes:

**Louisiana "Beignets" (Fritters):** Beat two egg yolks thoroughly, add one-half cup milk and two tablespoons pineapple syrup. Sift together one cup flour, one-fourth teaspoon salt and one teaspoon baking powder, one-fourth teaspoon salt and one tablespoon sugar. Drain one 9-ounce can of Hawaiian pineapple tidbits, and stir into the batter. Fry in deep fat, 370°, taking up two tidbits with each spoonful of batter. Makes twelve fritters. Serve with the following:

**Wholeheat Pineapple Fritters:** Beat one egg well, add one-half cup milk, then the following dry ingredients, sifted together: one cup wholeheat flour, one teaspoon baking powder, one-fourth teaspoon salt and one tablespoon sugar. Drain one 9-ounce can of Hawaiian pineapple tidbits, and dip in batter. Cover thoroughly; then fry in deep fat, 370°. The slices may be cut in two, if desired, and two fritters served to a person. This makes eight whole-slice fritters. Serve with the following:

**Sauce:** Beat two egg yolks, add one-fourth cup sugar and one-half

**JOE TAKES ONE SWIG OF TENNESSEE RUKUS JUICE—THEN, OH BOY!**

New Madrid, November 2—Joe Shelby of Tennessee might be able to celebrate in proper fashion while in Tennessee, but Joe found to his sorrow that Tennessee Hill Juice does not mix well with Southeast Missouri folks in the level country. Joe was arrested here Saturday night, but not before he had celebrated—and how.

He first visited a store, managed to invite a clerk in an altercation, but he was finally kicked out after brandishing a knife.

Later Joe showed up on the bayou near the city, secured an ax and started to go straight. He chopped wood.

Work soon proved to be disagreeable, so Joe shouldered his ax and started to town, yelling and shouting. On the levee he met the superintendent of the Boone & Webster Construction gang, in a Ford. After an exchange of remarks, Joe began punctuating his words by knocking the windshield out with the ax, and trying to reach the occupant of the machine. The superintendent made good his escape and notified officers Deputy Sheriff Dunn and Constable Wilkins.

Wilkins and Dunn found Joe wielding an effective ax on the Ford, but shifted his attack to the automobile in which the officers arrived. A shot fired in the general direction of up frightened Joe away for the time being, and his arrest followed.

Shelby is now charged with felonious assault, destruction of property, waving a deadly weapon in a threatening manner while drunk and resisting arrest. His preliminary hearing has not been held.

The editor was honored by a visit from Congressman Ralph Lozier, of Carrollton, Mo., Thursday just after noon. He was on his way from Bloomfield to Lilbourn and Gideon, where he was to speak in the afternoon. We have known Mr. Lozier for forty years and can vouch for his Democracy.

## Personals

Mrs. Johnson, mother of Earl Johnson, who has been critically ill at the home of her son, Earl, is much improved, we are glad to report.

The next regular meeting of the Woman's Club will be held at the home of Mrs. G. A. Dempster. Mrs. L. O. Rodes will be the leader for the afternoon and the District President, Mrs. C. L. Joslyn of Charleston, will be the speaker for the afternoon.

Mrs. Annie Winchester is in town looking after the construction of her new home on Tanner street.

Mr. and Mrs. Chris Francis and Mr. and Mrs. Harry Young and son, John Richard, who are at Hot Springs, Ark., are expected at home Sunday.

Miss Maude Adams was in Cape Girardeau Wednesday afternoon. While in that city she went to see Raymond Lee, son of Mr. and Mrs. Raymond Marshall of Blodgett, who is a patient in St. Francis Hospital. At the time, he was reported to be slightly improved. Miss Adams also visited Mrs. Marshall, who is ill at the home of Mrs. W. H. Stubbs in that city.

Complete programs have been mailed to club leaders, and it is suggested that clubs meet where there is a good radio and listen in on this program.

Sample ballots for sale at The Standard office, 5c each.

Raymond Lee and Mrs. Marshall are the grandson and daughter of Mr. and Mrs. John Witt of this city.

We quote none other than the famous William (needashave) Sensenbaugh on the question of red noses at the last big Halloween dance. Says Bill, "It was one dance at which quite a few of our prominent citizens wore a red nose, and did not feel out of place".

**4-H RADIO PROGRAM TO BE GIVEN SATURDAY**

The attention of New Madrid County 4-H Club members is directed to a 4-H Club Radio program on next Saturday, November 5, beginning at 11:30 a. m. and continuing to 12:30 p. m.

Mr. and Mrs. Chris Francis and Mr. and Mrs. Harry Young and son, John Richard, who are at Hot Springs, Ark., are expected at home Sunday.

## On the Way Up With Roosevelt and Garner!

"Our battle is essentially on behalf of the plain citizen—the average citizen—and I would like to feel that every one of those citizens, regardless of his or her political affiliations, should assume the position of a shareholder in the common enterprise and that his or her contribution should repre-

sent an investment that is to return dividends of good government. The major issue in this campaign is the economic situation.

"I am asking you to join in a great cause—a cause that goes deeply into the things that make life worth living."

—FRANKLIN ROOSEVELT.

## Reclaim Your Share in America!

## Join the Shareholders in America

The issue in this campaign is clear cut between Autocracy and Democracy. Which is it to be? It's up to you to decide. Do you want to reclaim your share in America—to restore the rights of the Forgotten Man in the national government? Or do you want a handful of privileged men to continue to control your government? This is no time for fear, for reaction, for timidity. It is time for decisive action to restore the fundamental principles of True Democracy upon which this country in the past has prospered.
